For the tables, we are going to arrange them into 6 stations.

I'll check with Shaunta Rhodes for the projector, but we should probably check it with your laptop before we leave to make sure everything will work well.

There will be a screen. To summarize what will be provided:

- The event will be in the Main Expo Room
- 70 chairs
- Tables for posters
- Easels for posters
- Microphone
- Screen for presentation

Is there anything else you may need?

Do we know how we're using the 15 tables that Patti requested?

Could you secure a projector for the event? I am going to present a powerpoint. Also, does the facility have a screen or a good white wall that I can use?

My work cel is 312-802-5027 so we can connect on the 22nd. Patti had given me information about the Holiday Inn. It looks like it may be the same one that you mention.

I will likely be there earlier for a meeting. We stay at the Holiday Inn west outside of Kalamazoo. Not sure how to find it through govtrip. Jim Saric and I will be there on the 22nd. See if you can stay there too, so we can go over the evening while grabbing some food/baverage.

Hi Michael,

I'm planning to get to Kalamazoo the evening before the Allied Paper meeting because of my overall site travel that week. I mention this in case you are available earlier in the day of the April 22 meeting to help me get acquainted with the site and stakeholders. Let me know if you think this is doable.

I'm making arrangements for us to get in the expo center to set up at 2 pm.
